

Magic Numbers Piecing Class
Tuesday, July 12, 2022
12:30 p.m. – 3 p.m.
Peace Lutheran Church Fellowship Hall
Julie Dayton, teacher
Class fee: \$5

Magic Numbers Piecing Class Supply List

Machine and neutral/coordinating thread

Rotary cutter and your usual sewing supplies

Please cut your fabrics into the following squares before class. You may want to cut a few extra of each size so that you have some choices when building your blocks. This project is a great use for “leftovers” from a project or it can be totally scrappy. The blocks will finish to 14” so 4 blocks plus some borders would make a nursing home quilt, if you’d like to have a completed project eventually from the squares you make in the class.

Cut:

(60) 2 ½” squares

(16) 4 ½” squares

(8) 6 ½” squares

A small iron and pressing mat to use beside your machine would be helpful. Please bring those if you have them.

Please contact Julie with any specific questions about the class and supply list and to sign up and to pay the class fee.
